

## RPA Celebrates 15th Anniversary!

**RPA Proud of Success. Thanks Employees, Customers, Suppliers and Friends for Their Support.**

**I**n a proud statement issued from their company headquarters, RPA announced that 2006 is the 15th Anniversary of the founding of their business. The company was started in 1991, the same year that U.S. Space Shuttle "Atlantis", with a crew of 5, completed a 6-day mission. They deployed the Gamma Ray Observatory, a 17 ton astronomy satellite. In long slow travel, the first successful crossing of the Pacific Ocean was accomplished in

a hot air balloon. Richard Branson and P. Lindstrand made the 6,761 mile crossing in 46 hours and 6 minutes.

### What Else Happened in 1991?

We mourned the death of two great men, as Stan Getz, American Jazz musician and Miles Davis, American Jazz trumpeter and composer, died this year. Thanks to modern technology we watched on videos another great artist who had passed away, as Nat King Cole sang *Unforgettable* with his daughter, Natalie Cole. Other great songs from this year were *When A Man Loves A Woman* and *Something To Talk About*.

Yes, when you think

### Sports & Entertainment

**I**n sports the NBA title went to the Bulls as they defeated the Lakers 4 games to 1, even after they lost their very first game of the series. Jordan won MVP for the second time, as he lead the Bulls to a future full of victory.

In college basketball, the NCAA title went to Duke as they beat Kansas. The New York Giants took home Super Bowl rings as they left the Buffalo Bills close behind 20-19. The first World Championship of Women's Soccer was won by the U.S. as they defeated Norway 2 games to 1, in Gangzhou, China.

The World Series was won by the Minnesota Twins 4-3 over the Atlanta Braves. Outfielder Bobby Bonilla knew how to play the game. He was the highest paid player in team sports, as he signed a contract with the New York Mets for \$29 million over 5 years.

Why should we start doing business with some "Johnny-Come-Lately"?

RPA

has been successful for 15 years!

about it, things have changed a lot in 15 years. But, after all this time there are some things which have remained the same.

One good thing is that RPA is still around and thriving after 15 years of hard work and lots of dedication by everyone involved... and most importantly, caring about customers who helped us reach this milestone.

### IMPORTANT EVENTS OF 1991

- Carl Lewis set a new record for the 100 meter dash, 9.86 sec.
- Dr. Seuss died in La Jolla, CA
- Mount Pinatubo erupted
- RPA started its first year in business
